Corrigendum

The reaction of clays to sampling stress relief. W. M. Kirkpatrick and A. J. Khan. *Géotechnique* **34**, No. 1, 29–42.

On page 38 the fourth sentence in the section *Anisotropic reconsolidation A_s (two step)* should read as follows.

After the porewater pressure from this first step had dissipated the deviator part of the in situ stress ($\sigma_{1c} - \sigma_{3c}$) was applied in stages observing u .
