Index

- actual cost 8, 39, 58–62, 63–7
- alliancing/partnering 41–5, 62, 64, 75
- amending contracts 71, 72, 83, 86
- Association of Consultancy and Engineering (ACE) 75
- Association of Consultant Architects (ACA) 75
- base cost 59, 60
- behavioural assessment 85
- bespoke contract forms 71–2
- best and final offer (baf) 85
- best-for-project basis 43, 45
- bill of quantities 55–6, 57–8
- bi-party contracts 42–3, 44, 45
- break point 47, 48, 49
- briefings 15, 79–80
- business needs and constraints 5, 6
- carbon reduction/neutrality targets 11, 68, 84
- cash flow 9
- category management 22
- CECA (Civil Engineering Contractors Association) 75
- certainty of cost 6, 8, 9, 48, 53, 54, 57, 64, 66
- clarifications and addendums (tender process) 82
- client design 26, 27, 28, 29–31, 37, 40
- client organisation 23–4
- client requirements 2, 3, 5–11, 18
 - business needs and constraints 5, 6
 - cost 5, 6, 7–9
 - design responsibility 29, 31
 - engagement model 35, 46, 49, 51
 - project-specific needs and constraints 5, 6–11
 - quality 8, 9
 - risk 7, 8–9
 - tender selection 80, 82, 84
 - time/timing 8
- client, defining 1
- commercial assessment criteria 84
- commercial model 1, 2, 14–15, 35, 53–69, 79
 - actual cost 58–62, 63–7
 - cost-reimbursement 58, 59, 61–2, 64, 65–7
 - disallowed cost 61–2, 65, 66
 - fixed-price lump sum 54–5, 59, 64–5, 67
 - incentivisation 55, 62–5, 68–9
 - overheads and profit 56, 59, 60, 61, 62, 65
 - pain/gain share 59, 60, 62–4, 65
 - remeasurement 55–8, 67
 - shared costs 61
 - target cost 37, 40, 44, 58–65, 66, 67
 - time 55, 56, 58, 66, 68
- competitive tendering 22, 31, 37, 38, 39, 41, 42, 49, 59, 80, 81, 84
- construction contract forms 73–5
- construction management 36–8, 39, 40
- consultancy services/consultants 1, 56, 74–5
 - client requirements 9, 10
 - design responsibility 25, 27–8, 29–30, 31
 - engagement model 33, 34, 36, 37, 40, 42–3, 44, 49
 - packaging strategy 17–18, 23, 24
- contract award 31, 34, 35, 54–5, 58, 59, 65, 78, 85–6
- contract documents 4, 26, 59, 85–6
- contract forms 3, 71–5
 - bespoke contract forms 71–2
 - construction contract forms 73–5
 - standard contract forms 71, 72–5
- contractual alliances 42, 43–5
- cost
 - actual cost 8, 39, 58–62, 63–7
 - base cost 59, 60
 - certainty of 6, 8, 9, 48, 53, 54, 57, 64, 66
 - client requirements 5, 6, 7–9
 - commercial model 55–65, 66, 67–8
 - contract forms 71, 72

cost (*continued*)

design responsibility 29, 30–31
 disallowed cost 61–2, 65, 66
 engagement model 34, 36–9, 40–41, 44, 49
 lowest cost 6, 8, 29
 packaging strategy 18, 19, 20, 22–3
 pro-rata 55, 61
 target cost 37, 40, 44, 58–65, 66, 67
 tender selection 81, 83, 84
 cost-reimbursable models 39–40, 44, 48, 58,
 59, 61–2, 64, 65–7

DBFO (Design, Build, Finance and Operate)
 approach 19

DBO (Design, Build and Operate) approach
 19, 24

design and build approach 10, 21–2
 design responsibility 26, 27–8, 29–31
 engagement model 34–5, 36, 37, 39, 40, 46

design and construction team selection 10

design responsibility 9, 21, 25–31, 37, 40, 53

allocation of 2, 3, 14, 17, 21, 25–7

client design 26, 27, 28, 29–31, 37, 40

control of design 29

cost 29, 30–31

design coordination 31

flexibility 21, 26–7, 31

responsibility for design and construction 29

selection of design consultant 29

specialist design input 31

time 30, 31

disallowed cost 61–2, 65, 66

disputes 29, 43, 44, 45, 55, 58, 86

early contractor involvement (two-stage
 procurement) 42, 46–50

ECC (Engineering and Construction
 Contract) 73

emergency works 4, 66, 80

engagement model 2, 3, 4, 33–51, 68
 alliancing 41–5

bi-party contracts 42–3, 44, 45

construction management 36–8, 39, 40

contractual alliances 42, 43–5

cost 34, 36–9, 40–41, 44, 49

design and build approach 34–5, 36, 37,
 39, 40, 46

early contractor involvement 42, 46–50

frameworks 50–51

main contractors 33, 36, 37, 38, 39

management contracting 39–41

risk 33–4, 35, 36–7, 38, 39–41, 43–5, 46–8,
 49–50

supply chain 33, 35, 41–2, 46–7

time 37, 40, 41, 44, 49

traditional engagement model 33–5, 46

environmental issues 10–11, 84

EPC (Engineer, Procure and Construct)
 approach 17, 26

EPCM (Engineer, Procure and Construction
 Management) 38

evaluation criteria (tender process) 79, 82,
 83–5

FIDIC (Fédération Internationale des
 Ingénieurs-Conseils) 73–4

fixed-price lump sum 18, 54–5, 59, 64–5, 67

flexibility 9, 13, 21, 26–7, 31, 35, 55, 57, 65,
 66, 67–8, 77

form of agreement 85

frameworks 50–51

Guaranteed Maximum Price (GMP) 63

health and safety 10, 84

ICC (Infrastructure Conditions of Contracts)
 75

ICE (Institution of Civil Engineers) 73, 75

ICChemE (Institution of Chemical Engineers)
 74–5

incentivisation 8, 37, 40, 44, 55, 62–5, 68–9

Infrastructure Client Group Infrastructure
 Client Group 42

Instructions to Tenderers (ITT) 79, 83

interface management 18, 21, 23, 31

interface risk 9, 20, 38, 41

interviews/questionnaires 5, 14, 85

JCT (Joint Contracts Tribunal) 74

Key Performance Indicators (KPIs) 68

legal/governance requirements 3, 6, 10, 13,
 42, 51, 77, 79, 80, 85

letter of award 85

letters of intent 86

limited tendering 82

LOGIC contracts 75

logistics and construction support services 23

- lowest cost 6, 8, 29
- main contractors 33, 36, 37, 38, 39
- management contracting 39–41
- market capacity 81
- market conditions 10, 55, 58
- market engagement 13–15
- minutes 14
- multiple packages 19–24
- nature of the client 2, 6, 7, 10, 23, 53, 77
- nature of the work 7, 8, 10, 21, 46, 53, 55, 58, 66, 72, 77, 79, 80, 83–4
- NEC (New Engineering Contract) 73, 74
- negotiated tendering 22, 42, 59, 80–81, 82, 85
- no-blame no-claim approach 44, 45
- Oil & Gas UK 75
- one-off projects 7, 23
- ‘open book’ basis (supplier accounts) 58, 61, 64, 66
- open tendering 81
- overheads and profit 22–3, 30, 36, 39, 47, 48, 56, 59, 60, 61, 62, 65, 83, 84
- overspend 37, 40, 44, 59, 62–3, 64, 67
- packaging strategy 3, 13, 14, 17–24
 - category management 22
 - client organisation 23–4
 - cost 18, 19, 20, 22–3
 - design responsibility 21
 - Design, Build and Operate approach 19, 24
 - Engineer, Procure and Construct approach 17, 26
 - flexibility 21
 - interface management 18, 23
 - location and interfaces 22–3
 - logistics and construction support services 23
 - multiple packages 19–24
 - risk 18, 20, 22
 - single package 8, 17–18, 21, 24
 - size and complexity 22–3
 - specialist nature of works 21, 22
 - supply chain 13, 14, 18
 - time and programme factors 20
 - turnkey approach 17–18, 19, 23, 24
 - value for money 23
- pain/gain share 59, 60, 62–4, 65
- performance levels 37, 40, 68–9
- PPC (Project Partnering Contract) 75
- prequalification process 78, 79, 81–2, 83, 84
- procurement process 2–4
- procurement, defining 2
- project-specific needs and constraints 5, 6–11
- pro-rata costs 55, 61
- qualified tender submissions 83
- qualitative assessment criteria 84, 85
- quality 8, 9, 29, 79, 81
 - commercial model 55, 57, 67, 69
 - engagement model 36, 40–41, 44
 - packaging strategy 18, 22, 23
- remeasurement contracts 55–8, 67
- risk 2, 3
 - client requirements 7, 8–9
 - commercial model 53, 54, 55, 57–9, 60, 61–8
 - contract forms 71–2
 - design responsibility 25, 28, 30–31
 - engagement model 33–4, 35, 36–7, 38, 39–41, 43–5, 46–8, 49–50
 - interface risk 9, 20, 38, 41
 - packaging strategy 18, 20, 22
 - supply chain 13–14
 - tender selection 79, 80, 84
- risk allocation 7, 13, 14, 17, 67, 71–2, 79
- safety issues 10, 84
- schedule of rates 48, 55–6, 57–8
- selective tendering 81–2
- shared costs 61
- single package approach 8, 17–18, 21, 24
- single point responsibility 9, 18, 20, 29, 35, 36–7, 38, 40–41
- size, scale and duration of works 8, 22
- specialist suppliers/works 5, 8, 10, 18, 21, 22, 26, 31, 33, 36, 39, 50, 53, 80
- stakeholders 3, 9, 46
- standard contract forms 71, 72–5
- ‘state-of-the-art’ projects 22, 66
- structure of book 1–2
- supplier engagement 2, 13, 15, 22
- supplier, defining 1
- supply chain 3, 10, 13–15, 75
 - engagement model 33, 35, 41–2, 46–7
 - market engagement 13–15
 - packaging strategy 13, 14, 18
 - supplier engagement 2, 13, 15
- sustainability 11, 68, 84

- target cost 37, 40, 44, 58–65, 66, 67
- tender documents 3, 74, 78–9, 82–4
- tender process 3, 14, 15, 39, 48–50, 59, 77, 78–86
- tender selection 3, 15, 77–86
 - clarifications and addendums 82
 - competitive tendering 22, 31, 37, 38, 39, 41, 42, 49, 59, 80, 81, 84
 - cost 81, 83, 84
 - evaluation criteria 79, 82, 83–5
 - legal obligations in procurement 77, 80, 85
 - limited tendering 82
 - negotiated tendering 22, 42, 59, 80–81, 82, 85
 - open tendering 81
 - prequalification process 78, 79, 81–2, 83, 84
 - selective tendering 81–2
 - submissions 15, 78, 80, 81, 83–4, 86
 - tender briefings 79–80
 - tender documents 3, 74, 78–9, 82–4
 - tender process 3, 14, 15, 39, 48–50, 59, 77, 78–86
 - time 78, 79, 81–2, 86
- tender submissions 15, 78, 80, 81, 83–4, 86
- testing procurement and contract strategies 6, 9, 13
- time 2, 3–4, 8, 14
 - commercial model 55, 56, 58, 66, 68
 - design responsibility 30, 31
 - engagement model 37, 40, 41, 44, 49
 - packaging strategy 18, 20,
 - tender selection 78, 79, 81–2, 86
- timing and phasing of works 8–9
- traditional engagement model 33–5, 46
- turnkey approach 17–18, 19, 23, 24
- two-stage procurement (early contractor involvement) 42, 46–50
- underspend 62, 63, 64
- urgency of works 9, 53, 66, 78, 80
- value for money 23, 38, 41, 49, 61
- works, defining 1
