Erratum: Creative industries urban model: structure and functioning

Helin Liu MSc (Eng), PhD
Research Associate, Department of Land Economy, University of Cambridge, Cambridge, UK

Elisabete A. Silva PhD, FRICS, MRTPI
Senior Lecturer, Department of Land Economy, University of Cambridge, Cambridge, UK

The publisher regrets that the following errors appeared in this paper when it was published in *Urban Design and Planning* **168(2)**: 88–100.

Table 3 was published as

Name	Variable	Related geographical features	Influence range/Total grade (N)
Road mark	transport-mark	Road system	1 km/5
Underground mark	rapidtrans-mark	Underground system	1 km/5
Environment mark	environment-mark	River, lake, hill, public green	1 km/5
Shopping mark	shopping-mark	Shopping mall	1.6 km/8
Culture mark	culture-mark	Cultural facilities	0.6 km/6
Trade milieu mark	milieu-mark	Industrial park, policy support	0.4 km/4
Talent mark	talent-mark	University, industrial park	0.5 km/5
Proximity mark	proximity-mark	Number of firms nearby	N/A
Mark based on area	basic-mark	Sub-area the plot belongs to	N/A
Land rent mark	land-rent	Locational factors firms care	N/A
Housing rent mark	housing-rent	Locational factors workers care	N/A

Table 3. The influence range and grade of the geographical features

It should have been published as

Name	Variable	Related geographical features	Influence range/Total grade (N)
Road mark	transport-mark	Road system	1 km/5
Underground mark	rapidtrans-mark	Underground system	1 km/5
Environment mark	environment-mark	River, lake, hill, public green	1 km/5
Shopping mark	shopping-mark	Shopping mall	1.6 km/8
Culture mark	culture-mark	Cultural facilities	0.6 km/6
Trade milieu mark	milieu-mark	Industrial park, policy support	0.4 km/4
Talent mark	talent-mark	University, industrial park	0.5 km/5
Proximity mark	proximity-mark	Number of firms nearby	N/A
Mark based on area	basic-mark	Sub-area the plot belongs to	N/A
Land rent mark	land-rent	Locational factors firms care	N/A
Housing rent mark	housing-rent	Locational factors workers care	N/A
Policy mark	policy-mark	Number of supportive policies	N/A

Table 3. The influence range and grade of the geographical features
