## ESSENTIAL ENGINEERING KNOWLEDGE

for academics, researchers and practitioners

ICE Publishing provides authoritative information in the fields of civil engineering, construction and materials science.

As the publishing arm of the Institution of Civil Engineers, ICE Publishing produces a wide range of publications that disseminate best practice, expert advice and ground-breaking research.

ICE Publishing is wholly owned by the Institution of Civil Engineers (ICE), a registered UK charity and international membership organisation that promotes and advances civil engineering around the world. As a society publisher, we provide important financial support to ICE, supporting its charitable mission to “benefit society and advance the field of civil engineering”.
